9. Closing a Transaction

Transactions with no Expiry Date

- 9.1. Subject to any other provision in this Agreement and any requirement we may specify in relation to Linked Transactions, you may Close Out an Open Position or any part of such Open Position at any time.
- 9.2. When you Close Out an Open Position, the Closing Level will be, if you are Closing Out an Undated Buy Transaction, the lower figure then quoted by us and, if you are Closing Out an Undated Sell Transaction, the higher figure then quoted by us.
- 9.3. At any time, you may give IC notice of your intention to Close Out any Transaction (whether in whole or part) by specifying the Underlying Instrument and the quantity that you wish to close. This must be done by you placing an Order which, if accepted, would Close Out the Undated Transaction that you wish to close.
- 9.4. Upon receipt of notice of intent to Close Out an Undated Transaction (by way of receiving your Order), IC will use reasonable endeavours to provide the Closing Level (by way of indicating prices to Close Out your Open Positions) and notify you of that Quote (by the Electronic Trading Service or otherwise). It is your obligation to notify IC as soon as possible as to whether you are willing to accept the Closing Level. If you accept the Closing Level quoted by IC, the Undated Transaction, or relevant portion of the Undated Transaction, will be Closed Out by issuing you with a Contract which is equal but opposite to the open Contract, or relevant portion of the Contract, to be Closed Out.

- 9.5. If the Underlying Instrument for the Contract is on terms that provide for its redemption, exchange or termination and you do not give notice to IC of your intention to Close out the Contract or to roll it over on terms and by the time acceptable to IC (whether or not you have any prior notice of that), you will be deemed to have given notice to IC to Close Out that Contract at the Closing Level reasonably determined by IC. In this case, IC will Close Out the Contract as at the time it determines.
- 9.6. At the Close Out, if there is a difference between the Closing Value and the Contract Value of the Contract it must be accounted for in the following way:
- (a) if the Closing Value is greater than the Contract Value, the Short Party must pay to the Long Party the difference; and
 - (b) if the Closing Value is less than the Contract Value, the Long Party must pay to the Short Party the difference.

Transactions with an Expiry Date

- 9.7. Subject to this Agreement and any requirement we may specify in relation to Linked Transactions, you may Close Out an open Expiry Transaction or any part of such open Expiry Transaction at any time prior to the Last Dealing Time for that Transaction.
- 9.8. Details of the applicable Last Dealing Time for each Expiry Transaction will normally be available in your Account or may be obtained from us upon your request. It is your responsibility to make yourself aware of the Last Dealing Time or, as the case may be, the expiry time for a particular Expiry Transaction.
- 9.9. When you Close Out an Expiry Transaction prior to the Last Dealing Time for the Expiry Transaction, the Closing Level will, if the Expiry Transaction is a Buy Transaction, be the lower figure then quoted by us and if the Expiry Transaction is a Sell Transaction, the higher figure then quoted by us.
- 9.10. If you do not Close Out an Expiry Transaction in respect of an Underlying Instrument on or before the Last Dealing Time then, subject to clause 9.15, we will Close Out your Expiry Transaction as soon as we have ascertained the Closing Level of the Expiry Transaction. The Closing Level of the Expiry Transaction will be:
- (a) the last traded price at or prior to the close or the applicable official closing quotation or settlement price in the relevant Underlying Market as reported by the relevant Exchange plus or, as the case may be, minus;

- (b) any Spread that we apply when such an Expiry Transaction is Closed Out. Details of the Spread that we apply when a particular Expiry Transaction is Closed Out will be set out in your Account.
- 9.11. You acknowledge that it is your responsibility to make yourself aware of the Last Dealing Time and of any Spread or commission that we may apply when an Expiry Transaction is Closed Out.
- 9.12. You acknowledge that it is your responsibility to make yourself aware of the next applicable contract period for an Expiry Transaction and that effecting the rollover of an Expiry Transaction may result in you incurring losses on your Account.
- 9.13. Any agreement as to rolling over an Expiry Transaction or any other Transaction is entirely at our discretion and we reserve the right to refuse to rollover an Expiry Transaction or any other Transaction, despite any instruction you have given us, if we determine, acting reasonably, that to effect a rollover would result in you exceeding any credit or other limit placed on your dealings with us.
- 9.14. Where we do effect a rollover of an Expiry Transaction or any other Transaction, the original Expiry Transaction will be Closed Out at or just prior to the Last Dealing Time and become due for settlement and a new Expiry Transaction will be created; such closing and opening terms will be on our terms.
- 9.15. Where an Expiry Transaction is in excess of four (4) times the Normal Market Size, or where any number of such Expiry Transactions are together in excess of (4) times the Normal Market Size, and where such Expiry Transaction(s) has not already been Closed Out prior to the Last Dealing Time, we reserve the right to automatically roll over the Expiry Transaction(s) to the next contract period where we reasonably believe it is in your best interests or the best interests of our Clients as a whole to do so.
- 9.16. If we choose to roll over your Transaction(s), we will generally try to contact you before the Last Dealing Time, but for the avoidance of doubt we may roll your Expiry Transaction(s) even if we have not contacted you and we will not be liable whatsoever for not contacting you.
- 9.17. If a Transaction is Closed Out, or settlement for difference being made:
- (a) we will credit to your Account any amount payable by us to you; or
 - (b) you must pay to us any amount payable by you to us in cleared funds in any such currency that we may require immediately upon the payment request being made.

- 9.18. If there is any surplus Margin in your Account, any amount owing by you in accordance with this will be settled in whole or in part by debiting your Account with us.
- 9.19. When you Close Out a Transaction, you must pay us any commission, fees and other charges as disclosed in, the Electronic Trading Service or the Website.
- 9.20. Unless we agree otherwise, all sums payable by you pursuant to this clause are due immediately upon the Closing Level of your Transaction being determined by us.
- 9.21. We reserve the right to alter the Closing Level.

- 10.6. Unless we agree otherwise with you, you will have no right to amend or revoke an Electronic Instruction once received by us.
- 10.7. You will be responsible for the genuineness and accuracy, both as to content and form, of any Electronic Instruction received by us.
- 10.8. You acknowledge we have the right, unilaterally and with immediate effect, to suspend or terminate (at any time, with or without cause or prior notice) all or any part of any Electronic Trading Service, or your access to any Electronic Trading Service, to change the nature, composition or availability of any Electronic Trading Service, or to change the limits we set on the trading you may conduct through any Electronic Trading Service.

- 10.12. You are required to test any customised interface prior to using it in a live environment and you agree you will be responsible for any errors or failure in your implementation of the interface protocol.
- 10.13. When using automated trading systems, the system may set down thresholds on excessive number of messages. When the system reaches the predeterminate number of entries, you may receive notification and/or warning by the software provider.
- 10.14. Prior to using any Electronic Trading Service, you must ensure that you understand and comply with all technical, operational and usage requirements, limitations, thresholds and restrictions applicable to the relevant Electronic Trading Service whether imposed by IC, any Affiliated Company or any third party service provider.

You acknowledge that failure to comply with such requirements or limitations may result in delays, rejected Orders, restricted access, suspension of services or disruption to the operation of the Electronic Trading Service.

- 10.15. You are responsible to adjust or/and reduce the flow of Orders prior to reaching the aforesaid threshold. We reserve the right, as we see fit, to disable your trading Account(s), if the observed trading behaviour has taken place. We will not be held liable for the Losses, or unrealized profits during the timeframe your Account has remained disabled due to a result of Hyperactivity.
- 10.16. In the event your Account is disabled due to Hyperactivity, it is recommended to refrain from continuing similar trading behaviour since your Accounts may be disabled multiple times on the same calendar day.
- 10.17. IC has no obligation to resubmit Orders purged from any Electronic Trading Service.
- 10.18. An Electronic Trading Service may be a service provided by us, a service made available through or by an Affiliated Company, or a service provided to you by a third party pursuant to an arrangement with us. - 10.19. We are providing the Electronic Trading Services to you only for your personal use and only for the purposes outlined in this Agreement.

You must protect and not violate those proprietary rights in the Electronic Trading Services and honour and comply with our reasonable requests to protect IC's, any Affiliated Company's, any licensor's and any applicable third party service provider's contractual, statutory and common law rights in the

Electronic Trading Services. If you become aware of any violation of these rights in the Electronic Trading Services, you must notify us in writing immediately.

- 10.27. You agree that:
- (a) you must not use the Electronic Trading Service (or permit or procure any other person to use the Electronic Trading Service) until the Security Data has been provided by us;
 - (b) the Security Data is confidential;
 - (c) you are responsible for maintaining the confidentiality and use of that Security Data at all times and must procure that any of your authorised person maintains the confidentiality of the Security Data;
 - (d) you will not permit, consent or allow any person to use the Security Data or to access or use the Electronic Trading Service using that Security Data;
 - (e) you will not provide, disclose or make available the Security Data to any person;
 - (f) you must notify us immediately upon becoming aware of any unauthorised use of the Security Data or the Electronic Trading Service;

 - (iii) IC will not be liable for any Loss incurred by you arising from any delay in the dissemination of market information or the processing of any Order;
- (d) the execution of an Order placed through the Electronic Trading Service may be delayed by filters or other electronic features of the electronic system;
- (e) we are not responsible for the processing, execution or cancellation of any Orders submitted through the Electronic Trading Service, regardless of who enters such Orders and regardless of whether or not there is an error in the Order entry or for any delays; and
- (f) you are responsible for ensuring you have in place alternative arrangements for the execution of Orders or other services available through the Electronic Trading Service, if the Electronic Trading Service or any aspect of it ceases to be available or subject to failure (including, for example, arrangements for the use of telephone or facsimile).

- 10.30. You are solely responsible for the implications and consequences of any unauthorised use of your Security Data and access of the Electronic Trading Service.
- 10.31. If a failure, interruption or malfunction of electronic communication between the parties prevents an Order from being placed, cancelled or amended then, without limiting any other right in this Agreement, neither party is liable to the other party for any Loss caused then by that failure, interruption or malfunction.
- 10.32. We, our Affiliated Companies and our licensors (as applicable) retain all Intellectual Property Rights in and to the Electronic Trading Services and you will not in any circumstances claim or assert any title, benefit or interest in them.

11. Manifest Error

- 11.1. We may, without your consent, either determine a Transaction or Open Position from the outset or at any time amend the terms of any Transaction containing or based on any error that we reasonably believe to be a Manifest Error.
- 11.2. If, in our discretion, we choose to amend the terms of any such Transaction or Open Position due to a Manifest Error, the amended terms will be such level as we reasonably believe would have been fair at the time the Transaction was entered into had the Manifest Error not occurred.
- 11.3. In deciding whether an error is a Manifest Error we will act reasonably, and we may (but not obliged to) take into account any relevant factors including, without limitation, the state of the Underlying Market at the time of the Manifest Error or any error in, or lack of clarity of, any information source or pronouncement upon which we base our quoted prices. Any financial commitment that you have entered into or refrained from entering into in reliance on a Transaction with us will not be taken into account in deciding whether or not there has been a Manifest Error.
- 11.4. In the absence of our fraud, wilful default or negligence, we will not be liable to you for any Loss, cost, claim, demand or expense following a determination of a Manifest Error (including where the Manifest Error is made by any information source, commentator or official on whom we reasonably rely) or any action (or omission) taken (or omitted) by us as a result.
- 11.5. If a Manifest Error has occurred and we choose to exercise any of our rights under this clause or any other provision in this Agreement, and if you have

received any monies from us in connection with the Manifest Error, you agree that those monies are due and payable to us on our written demand and you agree to return an equal sum of those monies to us within the period stated in our written demand.

- 11.6. If a Transaction or Open Position is based on a Manifest Error, we may (in addition to our other rights) without your consent do any or all of the following:
- (a) amend the terms of a Transaction to reflect what we consider to have been the fair terms at the time the Transaction had been entered into had there been no Manifest Error;
 - (b) Close Out the Transaction and any Open Positions resulting from it;
 - (c) adjust or suspend your Account;
 - (d) treat the Transaction as void from its inception;
 - (e) refrain from taking action to amend or void the Transaction; or
 - (f) any other action that we believe is appropriate in the circumstances.
- 11.7. We will exercise our rights under this clause reasonably, in good faith and as soon as reasonably practical after we become aware of the Manifest Error.
- 11.8. To the extent reasonably practicable, we will give you prior notice of any action we take under this clause; but if it is not reasonably practicable, we will give you notice as soon as reasonably practicable afterwards.
- 11.9. In the absence of fraud or gross negligence on our part, to the extent permitted by law we are not liable to you for any Loss, cost, claim, demand or expense that you incur or suffer (including loss of profits or indirect or consequential losses), arising from or connected with the Manifest Error including if the Manifest Error arises from an information service on which we rely.

12. Market Integrity and Trading Conduct

12.1. General Prohibition and Remedies

Where we reasonably believe that any trading activity constitutes Market Integrity or Trading Conduct as described in this Section 12, including any attempt to manipulate, exploit, or misuse our pricing, execution processes, Electronic Trading Service, or risk and protection mechanisms, we may, in our sole and absolute discretion and without prior notice (to the extent permitted by law), take any one or more of the following actions:

- (a) enforce any Transaction(s) against you where such Transaction(s) result in an amount owing to us;
- (b) treat any or all Transactions as void from their inception;
- (c) withhold, deduct, or recover any funds which we reasonably suspect to have been derived from such activity;
- (d) close out any open positions or your Account;
- (e) make adjustments to your Account, including pricing, execution, or profit and loss adjustments, or the implementation of any Margin Adjustment;
- (f) suspend your Account or access to the Electronic Trading Service;
- (g) terminate this Agreement; and
- (h) take any other action we consider reasonably necessary to protect market integrity, manage risk, or prevent further abusive or exploitative conduct.

12.2. Market Integrity and Commercial Replicability

The Company provides access to its Electronic Trading Service on the basis that transactions reflect trading conditions that could reasonably exist in the underlying or primary market.

Where the Company reasonably determines, acting in good faith and on the basis of available market data and execution conditions, that market conditions, liquidity, or trading activity prevent transactions from being executed, hedged, or unwound in the ordinary course of business, the Company may take any action reasonably necessary to protect market integrity and manage its risk exposure.

Without limitation, where the Company determines that the economic outcome, aggregate exposure, or execution conditions resulting from a transaction or group of transactions could not reasonably be replicated or hedged in the underlying or primary market under normal commercial conditions, the Company may determine an appropriate adjustment, cancellation, or termination of such transactions.

The examples set out in this Section 12 are illustrative and non-exhaustive and describe conduct that may give rise to the circumstances described above.

The Company shall act reasonably and in good faith in making such determinations, taking into account the nature of the Financial Product, prevailing market conditions, and its ability to manage or hedge associated risks.

12.3. Coordinated, Aggregated or Collusive Trading Behaviour

For the purposes of this Section 12, trading conduct inconsistent with Market Integrity includes any trading activity where we reasonably believe that you have acted alone or in coordination with other Clients or third parties, whether knowingly or unknowingly, in a manner designed to exploit our pricing, execution, or liquidity conditions, including but not limited to:

For the avoidance of doubt, such behaviour may include activity conducted through accounts under common ownership, control, or coordination, including accounts that share funding sources, trading infrastructure, or coordinated trading arrangements.

(a) Coordinated or Aggregated Trading

Trading activity which, when viewed in isolation or in aggregate with the activity of other Clients, results in executed volumes, trade frequency, or execution velocity that would not reasonably be achievable in the relevant underlying or primary market under normal market conditions.

(b) Artificial Volume or Liquidity Exploitation

Engaging in trading strategies that rely on the aggregation of multiple accounts, strategies, or execution streams to generate volume, turnover, or execution outcomes that exceed what could reasonably be executed at equivalent prices, spreads, or depth in the underlying market.

(c) Strategy Replication or signal Distribution

Trading activity that forms part of a coordinated strategy distribution, signal service, copy trading arrangement, or automated execution network where multiple accounts replicate substantially similar trading decisions, Order timing, or execution patterns in a manner that, when aggregated, produces trading volumes, execution velocity, or risk

exposures that would not reasonably be achievable by independent market participants in the underlying market.

12.4. *Trading Not Reasonably Replicable in Underlying Markets*

Without limiting the generality of Section 12.1, prohibited conduct includes trading in a size, manner, or speed that we reasonably determine is not reflective of, or reasonably replicable in, the underlying or primary market, including where:

- (a) trades are executed at prices or spreads that are materially narrower than those available in the underlying market for comparable size and timing;
- (b) execution frequency, Order velocity, or aggregate traded volume materially exceeds what could reasonably be transacted in the underlying market without materially impacting price;
- (c) trading behaviour systematically relies on transient pricing conditions, latency, or internalisation mechanics that are not available to participants in the primary market.

The Company is not obliged to provide access to pricing or execution conditions that would not reasonably be available to a participant transacting directly in the underlying or primary market.

12.5. *Exploitation of Discounted or Dislocated Pricing*

Trading activity may be deemed abusive where it seeks to exploit situations in which the Company's quoted prices or spreads are temporarily or structurally dislocated from underlying market prices, including where:

- (a) the Company's pricing is materially narrower than prevailing spreads or executable depth in the underlying or primary market; and
- (b) the trading strategy is primarily designed to capture such dislocation rather than assume genuine market risk.

For the avoidance of doubt, the Company is not required to demonstrate intent to manipulate; a pattern of behavior or trading outcome may be sufficient to determine that such activity constitutes trading conduct inconsistent with Market Integrity (including market abuse where applicable) for the purposes of this Agreement.

12.6. *Risk-Free or Asymmetric Profiteering*

Trading conduct inconsistent with Market Integrity (Including market abuse, manipulation, or abusive practices) includes any trading behaviour that is designed to generate profits with limited or no meaningful exposure to market risk by exploiting the Company's commercial, risk, or protective policies, including but not limited to:

- (a) the use of high leverage, margin settings, or intraday risk limits in a manner intended to create materially asymmetric payoff profiles that would not reasonably be available in the underlying or primary market;
- (b) strategies that seek to externalise losses to the Company by relying on protections such as negative balance protection, margin close-out rules, or execution safeguards, while retaining upside profits;
- (c) trading behaviour designed to benefit from guaranteed or protected outcomes during periods of extreme volatility, illiquidity, or market dislocation;
- (d) any strategy that seeks to convert the Company's risk management, leverage, or Client protection mechanisms into a source of systematic, risk-free or near risk-free profit, including by creating asymmetric risk exposures that cannot reasonably be hedged or offset in the underlying or primary market.
- (e) the use of multiple accounts, coordinated trading arrangements, or third party accounts to aggregate exposure in a manner designed to circumvent leverage limits, margin requirements, trade size thresholds, or other risk controls applied by the Company.
- (f) trading activity designed primarily to generate rebates, commissions, incentives, or other non-market economic benefits offered by the Company or its partners, rather than to assume genuine market risk, including where such activity results in artificially elevated trading volumes, transaction frequency, or account turnover.

12.7. *Determination and Timing of Assessment*

In determining whether conduct falls within this Section 12, we may assess trading activity on an ex-ante or ex-post basis, including following periods of

heightened volatility, illiquidity, market disruption, or material price dislocation. Such assessment may take into account, among other factors:

- (a) aggregate Client activity across accounts, strategies, or venues, including accounts that the Company reasonably believes to be acting in coordination or under common ownership, control, or coordination, whether assessed individually or in combination;
- (b) execution speed, frequency, sequencing, and traded size relative to underlying market conditions at the time of execution;
- (c) prevailing spreads, depth, volatility, and liquidity in the underlying or primary market, including conditions that were not fully observable in real time;
- (d) the hedgeability or replicability of the resulting risk exposures in the underlying or primary market;
- (e) account ownership indicators, including common funding sources, shared wallets, payment methods, devices, IP addresses, or other evidence suggesting that multiple accounts may be operated or controlled by the same person or coordinated group;
- (f) whether the trading activity forms part of a broader cluster of accounts exhibiting materially similar trading behaviour, strategy characteristics, execution timing, or economic outcomes;
- (g) whether the activity could reasonably be executed under similar conditions outside the Company's Electronic Trading Service.

For the avoidance of doubt, the Company is not required to identify or act upon abusive or exploitative trading behaviour in real time, and may determine, following review, that trading activity constituted Market Integrity or Trading Conduct notwithstanding that such activity was permitted or executable at the time it occurred.

Without limitation to the foregoing, any action taken by the Company under this Section 12 may include the implementation of Margin Adjustments, changes to margin requirements, or other risk management measures in accordance with Clause 15 and may result in actions under Clause 19.

13. Fees and Charges

- 13.1. Any profit or loss net of any fees and charges (that is, the realised gain or loss) arising on Closing Out a Transaction will be credited or debited (as the case may be) against the Account Value, in the Account currency.
- 13.2. You owe us, and must pay to us or as we direct:
- (a) any Transaction charges including all commission, Finance Charge, charges, fees, Margins, premia, settlement and clearing fees and charges, interest, default charges and taxes (including GST but excluding IC' income tax or penalty tax and levies) and any other amounts due under this Agreement on demand by IC in cleared funds or otherwise as required by this Agreement;
 - (b) a Transaction Fee for each Financial Product or Transaction (as the case may be) being the fee from time to time specified by IC to be the amount payable by you to IC in respect of each such Transaction;
 - (c) any royalty or other fee which must be paid for the use of prices or information provided to you via access through the Electronic Trading Service or otherwise by any Exchange;
 - (d) (if applicable) a monthly access charge for the use of the Electronic Trading Service provided by IC, as specified by IC from time to time;
 - (e) any fees, Taxes, stamp duty or other charges as may from time to time be levied on or in connection with any Transactions entered into with you; and
 - (f) in respect of any unpaid amounts required to be paid under this Agreement including, (without limitation) any amounts due as a result of your failure to pay interest on all such amounts denominated in Dollars at the interest rate per annum as reasonably determined by IC (but so that the total rate does not exceed generally prevailing rates for personal unsecured loans in comparable amounts), such interest to accrue daily from and including the due date to and including the date of its payment in full.
- 13.3. You authorise us to deduct on any of the fees described in clause 13:
- (a) from your Account;
 - (b) from the CMA and pay ourselves the amount of any Transaction Fee, Realised/Unrealised Losses on your Account, any other fees or charges described in clause 13, (including but not limited to credit card fees) you

owe and the amount of Margin which you must pay to maintain the required Margin Cover.

- 13.4. All payments by you under this Agreement are:
- (a) to be made without any set-off by you, counter claim or condition made by you and without you making any deduction or withholding for any Tax or any other reason unless the deduction or withholding is required by applicable law or the set-off arises by express application of this Agreement; and
 - (b) payable in any currency that we may reasonably require or determine.
- 13.5. We agree to pay you any Finance Credit applicable to a Transaction, from time to time.

14. Client Money Account

You acknowledge and agree that IC will deal with your moneys in accordance with the Client Money Regulations, including the below:

- 14.1. You acknowledge and authorise that your moneys and the moneys of other Clients of IC will be combined and held by IC in a set of Client money accounts, separate from the moneys of IC.
- 14.2. You agree that IC is entitled to all interest earned on moneys credited to any Client money account unless otherwise agreed in writing.
- 14.3. You authorise IC to withdraw any or all moneys to which you are otherwise entitled in any Client money account maintained by IC to meet any liability, obligation or other Loss which you owe to IC including to pay for your Financial Products, an amount in respect of any Realised/Unrealised Loss on your Account, Margin, Margin Cover or Variation Margin).
- (a) When you pay moneys to IC in connection to a Transaction, you are also authorising us for those moneys to be paid into a Client money account and those moneys will remain in there until withdrawn by IC to pay you amounts you are entitled to receive or to pay for amounts to which IC is entitled including to pay for your Financial Products (including, without limitation an amount in respect of any Realised/Unrealised Loss on your Account). If there has been a Realised/Unrealised Loss on your Account, IC is authorised under this Agreement to withdraw the equivalent amount

of that Realised/Unrealised Loss from the Client money account to pay IC an amount to which IC is entitled. You acknowledge that from the time any funds withdrawn from the Client money accounts in connection with your Transactions you lose the protections given to a Client money account of that kind.

- 14.4. If you pay moneys into any Client money account maintained by us in anticipation of you creating and meeting any liability, obligation or other Loss which you will owe to us including to pay for your Financial Products (including payment for Margin), by this Agreement you authorise us to withdraw those moneys to pay us for any liability which later arises.
- 14.5. If there has been no movement on your Account after the date you become entitled to a transfer of your money held in such Account (notwithstanding any payments or receipts of interest or similar items) and we are unable to locate you despite having taken reasonable steps to do so, such money will be treated by us as unclaimed money and dealt with in accordance with the relevant laws.
- 14.6. You acknowledge that we will be under no obligation to pay interest on balances on your Account (and any fees we may take from such interest) and that you are therefore waiving and foregoing any entitlement to interest (and fees if any) under the Governing Legislation or otherwise.
- 14.7. We retain all additional interest earned on Client money held in Client money accounts, or other approved deposit-taking institution.
- 14.8. All moneys to which you are entitled under this Agreement will be paid to you directly to the bank account nominated by you in your Application Form to us (and not to any third party or third party bank account), unless otherwise agreed in writing by us.
- 14.9. You acknowledge and agree that if there has been a Realised/Unrealised Profit on your Account, we will pay into and hold sufficient funds in the Client money account to reflect the the Realised/Unrealised Profit so that those funds will be retained there for your benefit until dealt with in accordance with this Agreement.
- 14.10. Some of our payment methods involve the use of third party payment service providers ('PSPs'). When a deposit is made using a PSP who then credits IC' account with the PSP, IC will make a corresponding credit to the Client's trading account. In the ordinary course of business this will happen on the same business day or the next business day. The timing depends on the Client

providing all required details, and the time PSP credits the relevant Client payment to IC' account with the PSP (this does not mean receipt of funds by IC) which is subject to processing time by the PSP and differences in time zones.

The Client's payment to the PSP is not always an automatic payment to IC. Payment to the PSP is at the Client's risk. The PSP must then credit IC' account, which IC does not control.

- 14.11. Some payment methods may be processed through a third party payment orchestration platform which connects multiple payment service providers. Such platforms act as an intermediary layer between us and the underlying payment service providers. We do not control the operation of any such platform and shall not be liable for any failure, delay or error arising from its operation. Payment processed through such platforms remains at your risk until received by us in cleared funds.
- 14.12. You acknowledge and agree that some payments may be processed by Affiliated Companies through service level agreements.
- 14.13. If IC becomes insolvent, you will be paid for any net credit balance in your Account:
 - (a) Any of your Client moneys in the Client money accounts should be paid to you, after deduction for any amounts properly payable to IC for the CFDs or which you have otherwise agreed are payable to IC (and subject to any court orders to the contrary).
 - (b) IC would review whether it can and should pursue recovery action against any of its Hedge Counterparties for any claim against them.
 - (c) The precise amounts and timing of payments will not be known until the net position with the Hedge Counterparties are known.
 - (d) The position of the Hedge Counterparties depends on what it recovers from its Hedge Counterparties and what it owes its Clients.
 - (e) IC will need to assess the amounts prudently available to pay CFD Clients and may choose to pay out interim amounts.
 - (f) IC will need to assess fair and reasonable allocation to CFD Clients, having regard to, for example amounts paid from the Client money accounts, Account balances and amounts recovered from a Hedge Counterparty.

15. Margin

- 15.1. Upon opening a Transaction, you will be required to pay us the Initial Margin for that Transaction, as calculated by us.
- 15.2. You acknowledge that the Initial Margin for certain Transactions (for example, Share CFDs) will be based on a percentage of the Contract Value of the Transaction and therefore, the Initial Margin due for such Transactions will fluctuate in accordance with the Contract Value.
- 15.3. Initial Margin is due and payable to us before you enter into a Transaction (and for Transactions that have a fluctuating Initial Margin based on a percentage of the Contract Value, immediately on opening the Transaction and thereafter immediately on any increase in Contract Value taking place).
- 15.4. You agree that for different Financial Products there will be different Margin requirements, which may be displayed on the Website or the Electronic Trading Service. Margin requirements may be determined and amended by the Company from time to time, in its sole and absolute discretion, and may differ by Financial Product, Client, account, market conditions or other relevant factors. Margin requirements may be changed at any time, including without prior notice to you, and such changes may apply to both new and existing Open Positions. It is your responsibility to ensure that you are aware of the applicable Margin requirements at all times.
- 15.5. The Company reserves the right, at any time and in its sole and absolute discretion, to implement any Margin Adjustment.

Such Margin Adjustment may include, without limitation:

- (a) increasing or decreasing Initial Margin or Maintenance Margin;
- (b) amending Margin requirements;
- (c) applying different Margin requirements to different Clients, accounts, Financial Products or positions;
- (d) removing or amending any reduced margin, preferential margin, or hedged margin treatment;
- (e) applying revised Margin requirements to existing Open Positions; and

- (f) increasing, reducing or otherwise adjusting the leverage applicable to any Financial Product, Account or Open Position, including in respect of existing Open Positions.

Margin Adjustments may be applied as a result of, including but not limited to, market volatility, liquidity conditions, underlying market constraints, internal risk exposure, hedging limitations, or changes in the Company's risk management policies. Any Margin Adjustment may take immediate effect.

- 15.6. Where a Margin Adjustment results in your Account not meeting the applicable Margin requirements, you must immediately deposit additional funds or reduce your exposure. If you fail to do so, the Company may, without prior notice, exercise any of its rights under this Agreement, including but not limited to closing, reducing or rebalancing your Open Positions, adjusting your Account, or taking any action under clauses relating to Margin, Close-Out or Events of Default. The Company shall not be liable for any Losses arising from such actions.
- 15.7. The Company may determine, amend or replace the Margin Methodology used to calculate Margin requirements at any time. Margin requirements may be calculated using any methodology determined by the Company, including but not limited to:
 - (a) Fixed margin;
 - (b) dynamic or variable margin;
 - (c) tiered margin based on position size or exposure;
 - (d) exposure-based or concentration-based margin; or
 - (e) portfolio-based margin.

The Company is not required to apply any particular methodology consistently and may change or apply different methodologies at its discretion. Such methodology may be applied to both new and existing Open Positions.

- 15.8. The Company may, at any time and in its discretion, classify or reclassify Clients, accounts, positions or trading strategies for the purposes of determining applicable Margin requirements, and any such classification or reclassification may have immediate effect.
- 15.9. The Company may, at any time and in its discretion, remove, amend or limit any margin offsets, hedged margin treatment, or reduced margin benefits. Positions

which were previously subject to reduced Margin requirements may become subject to full Margin requirements at any time.

- 15.10. The Company is not obliged to provide prior notice of any Margin Adjustment or change to Margin requirements. Any failure by the Company to notify you shall not limit or restrict the Company's rights under this Agreement.
- 15.11. You acknowledge and agree that Margin Adjustments may materially impact your Account, including the requirement to deposit additional funds or the closing of Open Positions, and that such adjustments may occur rapidly and without prior notice, particularly during periods of market volatility or disruption.
- 15.12. You also agree that you have a continuing Margin obligation to maintain Margin Cover and to ensure that, at all times during which you have open Transactions, your Account maintains sufficient Margin cover and remains positive.
- 15.13. Where the equity falls to zero or below, the Company may, without prior notice, take such action as it deems appropriate in accordance with Clause 15.19 and the provisions set out under Clause 19.
- 15.14. You must maintain at least the amount of Margin Cover required by us whether or not we give any notice to you to make those payments or you have actual notice of the required amount. The required amount of Margin Cover can change continuously and can change automatically, including over the weekend or other non-trading days. Your obligation to maintain at least the required amount of Margin Cover is continuous.
- 15.15. It is solely your responsibility to monitor and to satisfy all Margin Cover requirements.
- 15.16. You are required to maintain the Margin Cover, which might mean you must pay more Margin, whether or not we give you a Margin call and even if you are not contactable.
- 15.17. A Margin payment is credited by IC at the time that cleared funds have been received into the CMA and we have applied the payment to your Account or such other time as allowed by us, so a Margin Cover requirement for a Contract or other Transaction issued by us is not satisfied unless and until your payment is received in cleared funds into the CMA and applied to your Account by us.
- 15.18. Your liability in respect of Margin requirements is not limited to your payment of Initial Margin or Variation Margin. You are responsible to pay any deficit owing to us after Close Out of a Transaction and if you default in payment of such deficit, we may pay the deficit out of the Account or realise any Financial Products held

by us and apply the amounts or proceeds against that deficit and you are responsible for the full and prompt discharge of the deficit (which exceeds the value of the Account) by making payment in full to us immediately when that deficit arises.

- 15.19. IC may (without notice to you) Close Out, but will not be obliged to Close Out or to attempt to Close Out, some or all Open Positions, at that time or any later time as we determine (whether in our discretion or by automatic trading platform management) if:
- (a) your Account Value falls below the Liquidation Level; or
 - (b) you fail to maintain the required Margin Cover; or
 - (c) at any time, and from time to time, IC determines that the value of all of your Open Positions (and not taking into account any cash balance in your Account) represents a substantial net unrealised loss to you such that, in our belief, the continued trading, or failure to Close Out, one or more of your Open Positions will or is likely to materially prejudice your Account Value.
- 15.20. Details of Margin amounts paid and owing by you are available by logging onto your Account.
- 15.21. Margin payments must be made in the form of cleared funds (paid into the nominated account of IC).
- 15.22. We are not under any obligation to keep you informed of your Account balance or Margin Cover requirements or to make Margin calls.
- 15.23. If we do (in our reasonable discretion) make Margin calls on you:
- (a) we may do so by push notifications, telephone call, post, fax, email or text message;
 - (b) the Margin call will be deemed to have been made as soon as you are deemed to have received such notice in accordance with clause 18.9 of this Agreement;
 - (c) we will also be deemed to have made a demand on you by telephone if we have left a message requesting you to contact us and you have not done so within the time specified in our message;
 - (d) it is your responsibility to notify us immediately of any change in your contact details and to provide us with alternative contact details and ensure that our calls for Margin will be met if you will be uncontactable at the contact address or telephone number notified to us (for example

because you are travelling or are on holiday, or you are prevented from being in contact because of a religious holiday).

- 15.24. We will not be liable for any Losses, costs, expenses or damages incurred or suffered by you as a consequence of your failure to satisfy a Margin call or if we are unable to contact you in making a Margin call.

16. Payments, set-off and netting

- 16.1. We may require you to provide sufficient evidence (to our satisfaction) of the source of any funds you use to make any payments to us and we reserve our rights to prohibit you from entering into any Contracts or Transactions until we are satisfied with the information (or evidence) you have supplied and that information (or evidence) does not give us any reason to suspect any illegality in respect of those payments.
- 16.2. All payments by you to IC are:
- (a) to be made without any set-off by you, counter claim or condition made by you and without you making any deduction or withholding for any Tax or any other reason unless the deduction or withholding is required by applicable law or the set-off arises by express application of this Agreement;
 - (b) payable in any currency that IC may reasonably require or determine;
 - (c) to be made on the date and time due for payment otherwise we will be entitled to charge interest on the overdue amount (at a minimum rate of 4%), accruing daily until the date of payment;
 - (d) satisfied when we receive the payment in cleared funds; and
 - (e) to be made in the currency of your Account (conversely, all payments by IC to you will be made in the currency of your Account, unless we determine otherwise in our reasonable discretion).
- 16.3. If you make payments to us in a currency that is not the base currency of your Account, you agree that we will make whatever necessary adjustments and conversions are required and you will be liable for any resulting Losses, fees, currency conversion fluctuations or other applicable charges.
- 16.4. Without prejudice to IC right to require payment from you in accordance with this Agreement, we have the right (at any time) to set-off any Losses incurred or any amounts you owe in respect of your Transactions or any debit balances in any

Account. If any Loss or debit balance exceeds all amounts held, you must immediately pay us any excess whether demanded or not. You also authorise us to set-off any amounts held by us for your benefit in a joint Account against losses incurred by the other joint holder.

- 16.5. If the total amount that is payable by one party is greater than the total amount that it payable by the other party, then the party by whom the larger total amount is payable must pay the excess to the other party and so the obligations to make payment of each party will be satisfied and discharged.
- 16.6. All payments to be made by you under this Agreement, which are due and payable are due immediately on our verbal or written demand. Once demanded, such payments must be paid by you, and must be received in full by us (in cleared funds) for your payment obligations to be satisfied.
- 16.7. In determining whether to accept payments from you under this Agreement, we will have utmost regard to our obligations under our SDL and Governing Legislation. Accordingly, we may in our absolute discretion reject payments from you or a third party and return funds to their source.

In particular, we will not accept payments from a bank account if it is not evident to us that the bank account is in the Client's name.

- 16.8. Our failure or omission to enforce or exercise our right to insist on timely payment (including our right to insist on immediate payment of Margin) will not amount to a waiver or bar to enforcement of that right.
- 16.9. Time is of the essence in respect of any payment obligation under this Agreement.
- 16.10. You acknowledge that in some instances there might be delays in your deposited funds being reflected in your trading account. This may be due to the high volume of deposits/transfers that Clients may attempt simultaneously. You acknowledge and agree that aforesaid instances are outside of our control, and we shall not be held liable for any Losses or additional Losses.

17. Communications

- 17.1. An instruction by you to open or Close Out a Transaction (including an Order) must be made by you, or on your behalf:
 - (a) via our Electronic Trading Service; or

- (b) in such other manner as we may specify from time to time.
- 17.2. Written instructions to open or Close Out a Transaction, including instructions sent by facsimile, email (including a secure email sent via our Electronic Trading Service) or text message, will not be accepted or be effective for the purposes of this Agreement.
- 17.3. Any communication that is not an instruction to open or Close Out a Transaction may be made by you, or on your behalf:

- 17.8. If at any time you are unable, for whatever reason, to communicate with us, we do not receive any communication sent by you, or you do not receive any communication sent by us under this Agreement, we will not:
- (a) be responsible for any Loss, damage or cost caused to you by any act, error delay or omission resulting therefrom where such Loss, damage or cost is a result of your inability to open or Close Out a Transaction; and
 - (b) (except where your inability to communicate with us results from our fraud, willful default or negligence) be responsible for any Loss, damage or cost caused to you by any act, error, omission or delay resulting

therefrom including without limitation, where such Loss, damage or cost is a result of your inability to Close Out a Transaction.

- 17.11. It is your responsibility to make sure that you read all notices posted on our Website and on our Electronic Trading Service from time to time in a timely manner.

19. Action following an Event of Default

- 19.1. If an Event of Default occurs, including as a result of any failure by you to meet Margin Requirements following any Margin Adjustment, we may, in addition to any other rights which we have or may have against you (including rights arising in other parts of this Agreement), without giving prior notice to you, take any

action, or refrain from taking action, which we consider reasonable in the circumstances in connection with Transactions entered into pursuant to this Agreement and, without limitation, we may do any one or more of the following:

- (a) suspend or terminate your Account (as we consider appropriate in the circumstances);
- (b) Close Out, partially Close Out, reduce, or otherwise liquidate all or any of your Transactions or Open Positions at a Closing Level based on the then prevailing quotations or prices in the relevant markets or, if none, at such levels as we consider fair and reasonable;

19.2. You acknowledge and agree that, in Closing Out Transactions under this clause 19, we may partly and progressively Close Out your positions over a period of

time, and in amounts and prices, which we determine in our discretion. This may have the result that your Transaction is Closed Out in tranches at different prices resulting in an aggregate closing level for your Transaction that results in further Losses being incurred on your Account. You acknowledge and agree that we will not have any liability to you as a result of any such Closing Out of your Transactions. You acknowledge and agree that such actions may be taken following a Margin Adjustment or change in Margin Requirements and that the Company shall have no liability for any Losses arising from such actions.

- 19.3. Nothing in this Agreement limits your rights to claim a default by IC or for you to take any proper action you determine is appropriate to claim or to recover for any Loss arising from your claim. For example, we acknowledge that you may terminate this Agreement if IC materially breaches this Agreement. You agree that it is reasonable for you not to have specific rights following an Event of Default and specific defaults by IC in order to avoid all Transactions of all of IC' Clients prematurely terminating, which could cause irrevocable loss to some or all Clients and those losses could be irrevocably increased by such an automatic termination.
- 19.4. Without limitation to the above, you acknowledge that Margin requirements and Margin Adjustments are integral to the Company's risk management framework, and any failure to meet such requirements may result in immediate action under this clause, including without limitation the Close-Out or reduction of Open Positions, without prior notice.

20. Indemnity and Limitation of Liability

- 20.1. Subject to the Governing Legislation, you will indemnify us, and keep us indemnified on demand, in respect of all liabilities, losses or costs of any kind or nature whatsoever that may be incurred by us as a direct or indirect result of any failure by you to perform any of your obligations under this Agreement, in relation to any Transaction or in relation to any false information or declaration made either to us or to any third party, in particular to any Exchange. You acknowledge that this indemnity extends to our legal and administrative costs and expenses incurred in respect of preparing for and taking any legal or investigatory action against you, or instructing any debt collection agency, to recover monies owed by you to us.

- 20.2. To the extent permitted by law, you will indemnify, protect and hold us harmless from and against all Losses, liabilities, judgements, suits, actions, proceedings, claims, damages or costs resulting from or arising out of any act or omission by any person obtaining access to your Account whether or not you authorised such access.

 - (h) any instruction, request or direction given by you;
 - (i) by reason of IC complying with any direction, request or requirement of Governing Legislation, any Underlying Market or CS Facility, any government body or any regulatory body having jurisdiction over IC or any hedge counterparty;
 - (j) arising from and in connection with or in any way related to IC in good faith accepting and acting on instructions received by facsimile

transmission, email or by other means of any kind which are signed by or purported to be signed by you;

- (k) any failure or delay by a hedge counterparty to meet its obligations to IC in respect of or in relation to (including by corresponding with) your Transactions and any payments made in respect of them, except only to the extent attributable to the breach of this Agreement by IC or the gross negligence or fraud by IC.

20.4. IC excludes all liability in contract, tort or otherwise relating to or resulting from the use of any services or Electronic Trading Services provided under this Agreement, whether operated by IC, an Affiliated Company, or any third party provider, and for any Loss incurred by you directly or indirectly, including without limitation as a result of or arising out of:

- (a) your use of any Electronic Trading Service;

20.6. If and to the extent that we are found liable for any Losses or damages in relation to a Transaction or your dealings with us then, unless we are prohibited from limiting such liability by law, the maximum amount of our liability to you will be limited to four (4) times the amount of Transaction Fees, commission or Spread paid or payable by you in respect of that Transaction. You acknowledge and agree that this provision is reasonable given the relationship of the parties and the nature and features of the Financial Products.

21. Representations and Warranties

21.1. You represent and warrant to us, and agree that each such representation and warranty is deemed repeated each time you open or Close Out a Transaction by reference to the circumstances prevailing at such time, that:

- (a) the information provided to us in your Application Form and at any time thereafter is true and accurate in all respects;
- (b) you are duly authorised to execute and deliver this Agreement, to open each Transaction and to perform your obligations under this Agreement and have taken all necessary action to authorise such execution, delivery and performance of this Agreement;

 - (i) if you are a trustee of a trust, you are acting in accordance with the terms of the applicable trust deed;
 - (j) if you are constituted by more than one person (including, for example, if you are acting in a partnership or joint venture), then each person constituting you are jointly and severally liable for the obligations under this Agreement, and we may act on the instructions of any one of those persons; and
 - (k) you will use the services offered by us pursuant to this Agreement in good faith and, to this end, you will not use any device, software, algorithm, Electronic Trading Service or any trading strategy that aims to manipulate or take unfair advantage of the way in which we construct, provide or convey our Quotes.
- 21.2. In the absence of our fraud, willful default or negligence, we give no warranty regarding the performance of our Website, our Electronic Trading Services or other software or their suitability for any equipment used by you for any particular purpose.
- 21.3. Except for all non-excludable terms implied by the Governing Legislation, all implied terms (including but not limited) to fitness for purpose, or which are capable of being excluded by agreement are excluded from this Agreement.
- 21.4. Any breach by you of a representation or warranty given under this Agreement is an Event of Default.

23. Force Majeure Events

- 23.1. We may, in our reasonable opinion, determine that a Force Majeure Event exists, in which case we will, in due course, take reasonable steps to inform you.
- 23.2. If we determine that a Force Majeure Event has occurred, we may, in our absolute discretion, conclude that it is an Event of Default and take any action we consider necessary as outlined in clause 19.

24. Corporate Events, takeovers, voting rights, interest and dividendsCorporate Events

- 24.1. If any Underlying Instrument becomes subject to possible adjustment as the result of an event described in clause 24.2 (Corporate Event), we will determine the appropriate adjustment, if any, to be made to the size or value or number of the related Transaction(s) (or to the level of any Order) to account for the diluting or concentrating effect necessary to preserve the economic equivalent of the rights and obligations of the parties in relation to that Transaction immediately prior to that Corporate Event.
- 24.2. Any of the following may be regarded as a Corporate Event:
- (a) a subdivision, consolidation or reclassification of shares, a share buy-back or cancellation, or a free distribution of shares to existing shareholders by way of a bonus, capitalisation or similar issue;

- (e) any event analogous to any of the foregoing events or otherwise having a diluting or concentrating effect on the market value of any Underlying Instrument not based on shares, whether temporary or otherwise.

Takeovers

24.3. If at any time a takeover offer is made in respect of a company, and you have a Transaction that relates to the securities of that company, then:

- (a) we will use reasonable endeavours to notify you of the takeover offer;
- (b) we will (if applicable) apply the terms of the takeover offer to your Transaction, as if you were a holder of the securities in question;
- (c) we may offer you the opportunity to agree to the takeover offer (as it applies to your Transaction), or we may elect to agree on your behalf where we reasonably believe it is in your best interests to do so. If you elect to agree, or we agree on your behalf, your Transaction will be suspended and become untradeable until the closing date of the takeover offer at which point your Transaction will be closed in accordance with the terms of the takeover offer. You agree that we will be entitled to cancel or adjust the size and/or value and/ or number of any Transaction(s) (and/or the level of any Order) to reflect the takeover offer, and that any such cancellation or amendment will be conclusive and binding upon you;
- (d) if you do not agree, and we do not agree on your behalf, but the takeover goes ahead nonetheless (for example, if drag-along rights apply), you agree that we will be entitled to cancel or adjust the size and/or value and/or number of any Transaction(s) (and/or the level of any Order) to reflect the takeover offer, and that any such cancellation or amendment will be conclusive and binding upon you; and
- (e) at any time prior to the closing date of the takeover offer we may give notice to you of our intention to Close Out a Transaction in respect of that company's securities. The date of such notice will be the closing date of the Transaction and the Closing Level will be determined by us, based on

our reasonable assessment of the market value of the Instrument at the relevant time.

Voting Rights

- 24.4. You acknowledge that we will not transfer voting rights relating to an Underlying Instrument to you, or otherwise allow you to influence the exercise of voting rights held by us or by an agent on our behalf.

Interest

- 24.5. We will value open Transactions on a daily basis and calculate the amount of interest, on a basis notified to you in writing on a daily or monthly basis (including electronically), that would apply to the sum of money necessary to take out a position in the Underlying Instrument with the same value. A different rate of interest will normally apply to long and short positions. While your Transaction remains open, the amount of interest will be calculated and will accrue on a daily basis as follows:

- (a) if you sell, interest will be either credited or debited to your Account (depending on the interest rate); and
- (b) if you buy, interest will be debited from your Account.

- 24.6. For certain Expiry Transactions, our Quote (which is based on the Underlying Market) will include an interest component. Such Expiry Transactions will not be adjusted for interest as set out in clause 24.5 above.

Dividends

- 24.7. Where applicable (e.g. where an Underlying Instrument is a stock or index in respect of which a dividend is paid) a dividend adjustment will be calculated for your Account in respect of Open Positions held over the ex-dividend day or time for the relevant Underlying Instrument. For long positions, the dividend adjustment will generally be the amount of the net dividend receivable by the individual or entity holding the equivalent position in an Underlying Instrument and, in respect of non-Australian Instruments, will reflect normal market practice unless otherwise agreed with you. For short positions, the dividend adjustment will generally be the net dividend amount, unless otherwise agreed with you, but this may depend on where the Underlying Instrument trades. Further details may be obtained from us on request. Dividends will be credited to your Account if you

bought, i.e. opened a long position, and debited if you sold, i.e. opened a short position.

- 24.8. For certain Expiry Transactions, our Quote (which is based on the Underlying Market) will include a forecasted dividend component. Such Expiry Transactions will not be adjusted for dividends as set out in clause 24.7 above. Note that, for such Expiry Transactions, in the event that there is declared or paid in respect of the relevant Underlying Instrument a special dividend or a dividend that is unusually large or small or payable by reference to an ex-dividend date that is unusually early or late or in the event that a previously regular dividend is omitted (in each case, having regard to dividend payments in previous years in respect of that same financial instrument), we may make an appropriate adjustment (including a retrospective adjustment) to the Opening Level or the size of the Transaction that relates to that Underlying Instrument.

- 4.4. You may give us notice of your intention to close any CFD (whether in whole or part) by specifying the Underlying Instrument and the quantity of CFDs that you wish to close. This must be done by you placing an Order for a CFD Transaction which, if accepted, would Close Out the CFD that you wish to close.
- 4.5. At the Closing Out of a CFD Transaction, if there is a difference between the Closing Value and the Contract Value of the CFD it must be accounted for in the following way:
 - (a) if the Closing Value is greater than the Contract Value, the Short Party must pay to the Long Party the difference; and
 - (b) if the Closing Value is less than the Contract Value, the Long Party must pay to the Short Party the difference.
- 4.6. If the issuer whose security represents the Underlying Instrument on which all or part of a CFD Transaction is based becomes insolvent, the CFD Transaction will be taken to have been Closed Out at that time. The Closing Price of the CFD Transaction will be determined by us and we may consider a number of factors we believe appropriate in the circumstances.
- 4.7. If the Underlying Instrument on which the CFD Transaction is based ceases to be listed for quotation on an Exchange, or is suspended or is halted from quotation, we may, in its absolute discretion, elect to terminate the relevant CFD Transaction and make necessary adjustments that we believe are necessary.
- 4.8. All adjustments or price calculations made by us in respect of a CFD Transaction is binding on you.

5. Trigger Events

- 5.1. If an Underlying Instrument in respect of a CFD is subject to a Trigger Event, we will make the necessary adjustments to the CFD Transaction (including the Contract Value) that we believe is fair and reasonable in

the circumstances. Any adjustment will take effect at the time that we determine.

- 5.2. If at any time a Trigger Event occurs and it is not reasonably practicable as determined by IC in its absolute discretion to make an adjustment, IC may at any time after the Trigger Event give you notice of IC' intention to Close Out the CFD Transaction with the Closing Value being that notified to you by IC.

6. Terminating a CFD

- 6.1. You acknowledge that IC may terminate a CFD (apart from any other right to terminate) if:
- (a) the Underlying Instrument ceases to be able to be traded on an Exchange or is subject to a trading suspension or trading halt for a period of more than five (5) Business Days;
 - (b) a Trigger Event occurs and IC determines that it is not reasonably practicable to make an adjustment to the terms of a CFD under this schedule;
 - (c) IC' rights under the relevant hedge contract or in respect of the relevant Underlying Instrument, are Closed Out, suspended or terminated by its hedge counterparty (which may occur automatically under the terms of any agreement between IC and the hedge counterparty); or
 - (d) IC considers, acting reasonably, that the hedge counterparty or issuer of the Underlying Instrument may not be able to meet its obligations to IC under the terms of the hedge contract or Underlying Instrument or other contracts between IC and the issuer of the Underlying Instrument or the hedge counterparty.
 - (e) If IC terminates a CFD under this clause or otherwise, IC will determine a termination value, payable by IC to you or by you to IC, which IC considers appropriate, acting reasonably, and having regard to the circumstances of termination, and the value (if any) of the Underlying Instrument. The termination will take effect at the time determined by IC.
